Submit your response.

To record more results, view your response.

Click on "Change Response".

Add more test results and save.

Follow these steps every time you need to add test results. Making sure you save the form every time.

Please do not wait until you have several results, but record them as you do them.

You will need to respond to individual form requests and record the results for each of your children - if you have more than one in the school.
