Shoreham Soccer Academy is committed to creating a safe, happy and disciplined learning environment where all players are treated as equals. Players will be given the opportunity to strive to be the best they can be, with the support of management, coaching and support staff, who will set the highest of standards in the football coaching program.

Shoreham Soccer Academy want to play an attractive brand of football, with a the focus on individual player development, creating happy skilful individuals, developing successful teams in this college environment. We therefore recognise the need for all players to become skilled and confident technicians, who enjoy and are comfortable in possession, whilst developing a real game understanding (which will include the four principles: attacking, transition to defend, defending and transition to attack), whilst having a desire to learn and continue an enduring love of the game.
